Dear DMEA 2023 exhibitors,

we are pleased to present you the **DMEA 2023 brief analyses** with all **top results from the exhibitor and visitor survey** as well as the brief analysis on the new program and exhibition format "DMEA sparks".

You can find all brief analyses on our [statistics page](#).

Book now your stand now for DMEA 2024 and secure good placement

If you haven't already done so, book your stand space now for **DMEA 2024 from April 9 - 11** via [our new DMEA exhibitor portal](#).

Whether a bronze package, classic stand space or a place on our special Focus-Areas (Startups, DiGA & Mobile Health or DMEA sparks) - early registration is worthwhile, because we place as always according to the principle **"first come - first serve"**.

By the way: Exhibitors who register by September will receive their placements from the previous year on request and **subject to availability**.

We are looking forward to seeing you!

Kind regards

Your DMEA team
