Betreff: Important information about your stand at the DMEA exhibition area _Focus: Startups
Datum: Dienstag, 13. Februar 2024 16:36:58
Anlagen: [image002.png](#)

Dear exhibitors at _Focus: Startups,

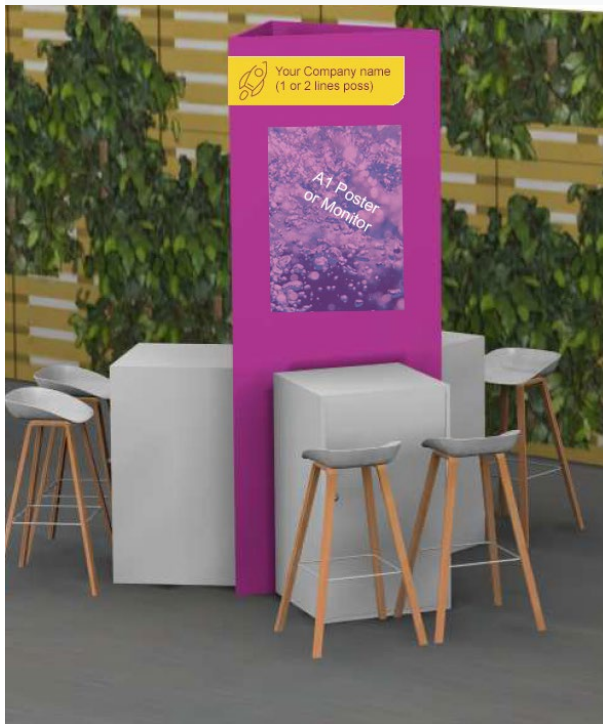

We are looking forward to your participation at DMEA! The _Focus: Startups area is almost fully booked, but there are still some good places. We assume that we will be able to announce the final placement by the beginning of March at latest.

Quick note in advance: if you have already sent us all the information below, please ignore the email!

Name of your company

Since we are already in the middle of planning the Startup spaces, we ask you to send us the exact name that we will attach to the top of your space (single-color entry in neutral font, no logo!) by **February 29th**. We take your spelling into account and can also produce the entry in two lines in special cases.

Your name should be chosen so that it is, if possible, identical to your catalog entry so that you can be found easily.

You also have the option of choosing between a free A1 poster OR a paid monitor for your stand. (The attached image serves as a guide only, color and typography may vary)

Poster

If you decide on the poster, we ask you to send the print template (see print template information in the graphics service sheet) by email to marie.holler@messe-berlin.de by the end of February. The A1 poster included in the price is produced by us free of charge and attached to the back wall of the Startup space.

monitor

ALTERNATIVELY, you can also attach a monitor (not wider than 100 cm) to the surface, but this is NOT included in the price. Either you bring a monitor with you (please remember the wall mount!) and assemble it yourself (we are happy to help on assembly Monday (!) for an assembly fee) or you book a monitor through the online shop BECO - Stand Construction and Equipment – Screens [Onlineshop BECO](#), which we will then fix and is fully assembled in place of the poster.

Best regards

Marie Holler
