

### **SELECT MINIMUM EQUIPMENT:**

Every stand at DMEA must at least be equipped with floor covering and partition walls from neighboring stands.

The exhibitor is obliged to erect a stable partition wall to the directly adjacent neighboring stand. Partition wall to the directly adjacent neighboring stand. The minimum height is 2.50 m.

Mobile exhibition walls, folding walls and pop-up stands are only permitted in combination with a stable partition wall, if these themselves do not have a stable wall.

For higher constructions, the back of the partition wall above +2.50 m must be kept neutral white without any advertising, in order not to affect the design of the neighboring stand. Please discuss the construction heights with your stand neighbors in individual cases.

Open sides to the visitor aisles may not be completely closed. The walls toward the visitor aisles are not allowed to exceed 30% of the stand side and may not be longer than 3 m in one piece. These walls must be designed graphically or by installing transparent showcases, niches, displays, etc. to ensure the open character of the DMEA exhibition stand.

### **Construction heights** (see also Technical Guidelines 4.3)

The maximum height of the superstructure, including the upper edge of suspended component parts and labels are +5.00 m for stands up to 49 m<sup>2</sup> and +6.00 m for stands 50 m<sup>2</sup> and up.

### **SUBMISSION OF STAND CONSTRUCTION PLANS**

In adherence to the technical guidelines in the design and execution of the stand, single storeys stand constructions in the halls do not require drawings for approval to submit. All other stand constructions such as multi-storey buildings, flying buildings, mobile stands, buildings in open-air areas, special constructions are subject to approval.

We would like to ask you to submit all necessary construction documents (according to 4.2.1 Technical Guidelines) until **February 22nd, 2025** otherwise the Stand construction and approval are at risk.

**SHOWS AND EVENTS AT THE STAND DURING OPENING HOURS:**

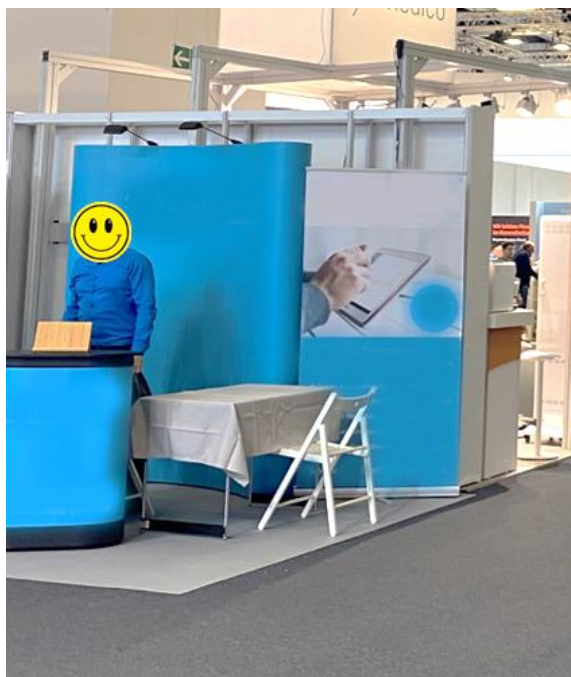

Presentations such as optical, slow-moving or auditory advertising as well as the reproduction of music are permitted provided that they do not cause annoyance to adjoining stands or congestion in the aisles and do not drown out public announcements from the Messe Berlin PA systems in the halls and event areas. The sound level of acoustic or musical performances shall not exceed 70 dB(A) at the boundaries of the stand or event area. Even if a performance has already been approved, Messe Berlin still reserves the right to restrict or prohibit performances which cause excessive noise or visual annoyance or considerably endanger or impair the ongoing exhibition/event or visitors, other exhibitors and event organisers. Exhibitors are only permitted to distribute printed matter and use other means of advertising on their own stands or own event areas.

**SHOWS AND EVENTS AT THE STAND AFTER OPENING HOURS:**

You are welcome to open your stand for a client event outside of the official opening hours of DMEA, namely between 6:00 pm and 10:00 pm. Please consider that these events have to be registered, approved and come at a fee. Booking of a service package is mandatory. It is designed for a 4-hour time period. It includes planning and provision of security staff on the fairground, as well as medical service and energy consumption.

**EXAMPLES OF UNAUTHORIZED STAND CONSTRUCTION:**

Additional partitions from the neighboring stand are necessary here, which are stable and correspond to the minimum height.

**EXAMPLE OF PERMITTED MOBILE STANDS:**

**EXAMPLE OF THE CORRECT DESIGN OF THE REAR PARTITION WALL TO THE STAND NEIGHBOR ABOVE 2.50 M:**
