

Conditions of Participation (Speaker/Moderation)

Please read carefully.

By registering for an event of bvitg Service GmbH (short: bsg) you accept the following conditions of participation.

1. Services

As a speaker, you will prepare a substantive contribution to the discussion for the respective DMEA event.

Please provide the bsg with a curriculum vitae and a photo of yourself to promote the event. By submitting your photo, you grant the bsg the right to use it in print and digital products related to the event.

2. Remuneration

There will be no remuneration for your contribution to the presentation. All participants in the programme (speakers, moderators, organisers) will receive a free ticket for DMEA 2021 if required.

3. Non-implementation/postponement of the event

In the event of closure/disruption of the venue or for reasons of force majeure, Messe Berlin GmbH is entitled to cancel or postpone an event.

Please note that the programme items of the DMEA are generally planned as a presence format. However, depending on the development of the corona pandemic and the respective restrictions, we reserve the right to implement selected programme items in a purely digital format or to cancel them.

In this case, the bsg will inform you as soon as possible. Claims for reimbursement of expenses are excluded in the event of timely cancellation of the event.

4. Personal prevention

If you are prevented from attending on the day of the event or are unable or unwilling to make your contribution for other reasons, please inform the bsg as soon as possible. In this case, we would ask you to find a replacement speaker (after consultation with the person responsible for the session). The bsg reserves the right to cancel the programme item if no adequate replacement can be found. Reimbursement of any expenses will be checked by the bsg if necessary.

5. Data protection

Please note the separately available data protection regulations of bsg.

6. Image and sound recordings

bsg has the right to record, archive and use applications, events and lectures in whole or in part in sound and vision for the purposes of DMEA congress documentation:

- Public provision on the DMEA homepage and in the download area there
- Use of the images for public communication measures of Messe Berlin GmbH, bsg or bvitg e.V. in connection with DMEA (e.g. website, social media, print media)

By entering the (virtual, if applicable) event rooms, you give your consent as a speaker to publish free of charge in the above manner, to pass on to press representatives for editorial reporting and distribution and/or to store and make available the recorded image, sound and film material for an unlimited period of time as part of the organiser's public relations work. Your personal rights are protected in any case.

Should you not agree to the publication of your person in individual cases, please inform the persons responsible for the events directly.

7. Liability

The speaker is responsible for his own insurance cover against accidents, illness etc. bsg and its vicarious agents shall only be liable for such damages which are demonstrably based on an intentional or grossly negligent breach of duty within the scope of the contractual relationship and which are still typical damages within the scope of the foreseeable.

With regard to your lecture documents, you as speaker shall indemnify bvitg Service GmbH from all claims of third parties that are based on the violation of copyrights.

9 Place of jurisdiction and place of performance

Berlin is agreed as the place of performance and jurisdiction, insofar as legally permissible.

Verbal agreements shall only apply if confirmed in writing by bsg.

10. Final provisions

Should individual clauses of these general terms and conditions of contract be wholly or partially invalid or should the contract contain a loophole, the validity of the remaining contractual clauses or parts of these clauses shall remain unaffected. The invalid or missing provisions shall be replaced by the relevant statutory provisions.
